- RC360 10 Business Steps - RiskControl360° offers 10-Step Business Plan implementation services for employers of all sizes. The plan is a framework developed by the Ohio Bureau of Workers' Compensation (BWC) for businesses to use when implementing safety programs and developing a safety culture. The methodology involves integrating best practices, policies and procedures into the existing company business model. The intention is to establish these best practices for the purpose of reducing job-related injuries and illnesses, thereby reducing overall claims and premiums.
